REMACK®

Turbocharger Kits and Actuators

Gotta-Have Features

When it comes to servicing your engine, REMACK puts quality before price. Don't run the risk of more downtime by not using the highest quality components. Choose the factory quality that only REMACK can provide.

- Completely remanufactured in North America
- Remanufactured to latest Mack® specifications including all engineering enhancements
- Turbocharger kit also includes the mounting and installation parts
- Comes with a one-year / unlimited mile warranty covering parts and labor when installed by an authorized Mack dealer. Warranty terms apply.

REMACK Turbocharger Kits are ready for installation, with actuator and hardware included.

REMACK[®]

Turbo Actuator

The Perfect Replacement Choice

The REMACK Turbo Actuator for Mack[®] MP7, MP8, and MP10 engines is built to perform.

- Remanufactured in North America by certified Mack processes
- 100 percent disassembled and cleaned using an ultrasonic cleaning process
- 100 percent new circuit board
- 100 percent new harness and connector
- 100 percent new gaskets
- Latest software updates
- 100 percent tested to OE specifications
